*To take advantage of the full year discount tuition for the season must be paid within the first 2 weeks of registration
 Students that register after the first month of class will be subject to a pro-rated fee for all included expenses
 Solos, duos, and trios are priced separately and are not included in the above fee schedule.

Why is this pricing different from other dance studios?

Typically studios require a registration fee, recital fee, costume charges, and additional payments to be made throughout the year. We have simplified things by adding up those total costs and dividing them across the 9 month season so that you are never faced with an unexpected charge. This also allows you to save your total cost overall throughout the year compared to other studios.
